STATINTL

Mr. Rodriguez:

[REDACTED] the young man who is scheduled to attend Cornell, telephoned me this afternoon and also has a call in to you.

He again expressed his indecision and is planning to ask you if he can have until the end of this month to make the decision.

I have checked with the Civil Service Commission and have been advised that the 15 June deadline date for cancellations is firm.

STATINTL

Miriam

I called [REDACTED] and told him about the firm deadline date. He accepted it but was not very happy since Cornell apparently told him it was not necessary to know this so soon.
